About Me:

I am hard-working and a good leader as a junior captain of my varsity softball team. I pride myself in being a very coachable player that is able to make quick adjustments in both games and practices. I am always a team player and very positive, being loud on the bench and keeping up my energy in every game situation. (Also taking the role of team braider!). I enjoy the beach and ocean in the summer, and I also love going to concerts with friends and listening to a wide variety of music. I am looking for a school that will challenge me in softball and academics, allowing me to grow and improve in both aspects.
